# SAFETY ALERT

Date: January 29, 2013  
To: Users of the Coded Instrument Flight Procedures (CIFP)  
From: National Aeronautical Navigation Services (AeroNav Services)  
Subject: Unusable Airway: V438 between YQT and YMW

---

---

There is an error in the 10 JAN, 2013 edition of the CIFP (1301) and the 7 FEB, 2013 edition of the CIFP (1302).

The following CIFP Airway (ER) segments are incorrect and must not be used:

V438 between sequences 3010 (YQT) and 3120 (YMW)

This error will be corrected in the 1303 edition of the CIFP.
